2. Proceeding to an appeal hearing under s. Comm 47.53 precludes the claimant from filing an arbitration request regarding the same issues.

(c) A request for arbitration shall be in writing signed by the claimant or their attorney, shall include the names and addresses of all parties, and shall be made after denial of costs submitted for reimbursement, but prior to commencement of a hearing under ch. 227, Stats.

(2) SCOPE. Only the costs in the following categories may be the subject of arbitration under this section:

(a) Investigating a petroleum product discharge.

(b) Planning remedial action.

(c) Conducting remedial action activities.

(3) DEFINITIONS. (a) *General.* 1. Relevant terms not defined in this subsection have the meaning given by s. 101.143, Stats., or s. Comm 47.015.

2. All time deadlines in this section, except in sub. (10) (e) 1., are specified in calendar days and shall be computed in the manner described in s. 990.001, Stats.

(b) *Terms.* Except where otherwise specified, the following terms are defined as follows for the purposes of this section:

1. “Administrator” means the administrator of the environmental and regulatory services division of the department, or his or her designee.

In such an arbitration, the arbitrator shall render a decision at the conclusion of the hearing, or within 5 business days after the conclusion of the hearing if the arbitrator determines that additional time is needed to review materials submitted during the hearing, affirming, modifying or rejecting the decision of the department. The arbitrator shall promptly file his or her decision with the department. The decision of the arbitrator is final and shall stand as the decision of the department. An arbitrator's decision may not be cited as precedent in any other proceeding before the department or before any court. A decision under this subsection is subject to review under ss. 227.53 to 227.57 only on the ground that the decision was procured by corruption, fraud or undue means. The record of a proceeding under this subsection shall be transcribed as provided in s. 227.44 (8).”

3. "Claim" means the amount sought by a claimant as remediation costs actually incurred by the claimant at a remediation site.

4. "Ex parte communication" means any communication, written or oral, relating to the merits of an arbitration proceeding, between an arbitrator and any party or their agent, which was not originally filed or stated in the administrative record of the proceeding. 5. "Party" means the department and any person who has agreed, pursuant to s. 101.143 (6s), Stats., to submit to an arbitrator one or more issues arising from a denial of incurred costs that have been claimed for reimbursement by a claimant.

(4) APPOINTMENT OF ARBITRATOR. (a) The department shall establish and maintain a panel of environmental arbitrators.

(b) Within 10 days of receiving a request for arbitration, the administrator shall identify and submit simultaneously to all parties an identical list of 6 individuals chosen from the panel of arbitrators, whom the administrator believes will not be subject to disqualification because of circumstances likely to affect impartiality. Each party shall have 10 days from the date of receipt of the list to identify any individuals objected to, to rank the remaining individuals in the order of preference, and to return the list to the administrator. If a party does not return the list within the time specified, all individuals on the list are deemed acceptable to that party. From among the individuals whom the parties have indicated as acceptable, and, in accordance with the designated order of mutual preference, if any, the administrator shall appoint an arbitrator to serve. If the parties fail to mutually agree upon any of the individuals named, or if the appointed arbitrator is unable to serve, or if for any other reason the appointment cannot be made from the submitted lists, the administrator shall make the appointment from among the other members of the panel. In no event shall appointment of the arbitrator by the administrator take longer than 30 days from the filing of the request for arbitration. The administrator's appointment notice to the arbitrator shall include the names and addresses of all of the parties, as provided in the request for arbitration.

(d) If any appointed arbitrator should resign, die, withdraw, be disqualified, or otherwise be unable to perform the duties of the office, the administrator may fill the vacancy in accordance with the applicable provisions of this subsection, and the arbitration process shall be resumed.

(5) CHALLENGE PROCEDURES. (a) If any party wishes to request disqualification of an arbitrator, that party shall notify the other parties in writing of that request and the basis therefor within 5 days of receipt of the information on which the request is based.

(b) The administrator shall make a determination on any request for disqualification of an arbitrator within 7 days after the department receives the request, and shall notify the parties in writing of the determination. This determination shall be within the sole discretion of the administrator, and that decision shall be final.

(6) EX PARTE COMMUNICATION. (a) No party or agent thereof may make or knowingly cause to be made to the arbitrator an ex parte communication.

(b) The arbitrator may not make or knowingly cause to be made to any party or agent thereof an ex parte communication.

(c) The administrator may remove the arbitrator in any proceeding in which it is demonstrated to the administrator's satisfaction that the arbitrator has engaged in prohibited ex parte communication to the prejudice of any party. If the arbitrator is removed, the procedures in sub. (4) (d) shall apply.

(d) Whenever an ex parte communication in violation of this subsection is received by or made known to the arbitrator, the arbitrator shall immediately notify in writing all parties to the proceeding of the circumstances and substance of the communication and may require the party who made the communication or caused the communication to be made, or the party whose representative made the communication or caused the communication to be made, to show cause why that party's arguments or claim should not be denied, disregarded, or otherwise adversely affected on account of the violation.

(e) The prohibitions of this subsection apply upon appointment of the arbitrator and terminate on the date of the final decision.

(7) JOINT SUBMITTAL. (a) Within 10 days after receipt of the arbitrator's acceptance under sub. 2. A statement of the issues arising from the costs denied by the department in the claim, that are being submitted for resolution by arbitration.
3. A statement that the parties consent to resolution of the issues jointly submitted to the arbitrator.

4. A statement that the parties agree to be bound by the final decision on all issues jointly submitted to the arbitrator, subject to the right to challenge the final decision solely on the grounds and in the manner prescribed in subs. (11) (b) and (c).

5. A statement that the parties agree that the final decision shall be binding only with respect to the costs at issue in the claim submitted for arbitration.

6. A statement that each signatory to the joint submittal is authorized to enter into the arbitration and to bind legally the party represented by him or her to the terms of the joint submittal.

(b) Any party may move to modify the joint submittal for arbitration to include one or more additional issues arising in the referred claim. To be effective, the modification must be signed by the arbitrator and all other parties.

(8) FILING OF PLEADINGS. (a) Discovery shall be in accordance with this subsection.

(b) Within 10 days after receipt of the arbitrator's acceptance under sub. (4) (c), the claimant shall submit to the arbitrator 2 copies of a written statement and shall serve a copy of the written statement upon all other parties. The written statement shall include all of the following:

1. A statement of facts, including a description of the costs incurred by the claimant in connection with the action taken at the site that have been denied by the department, and statements which state with particularity the basis for the claimant's assertion that the costs denied by the department are eligible.

2. A description of the evidence in support of both of the following:

- a. The site at which the action was taken is an eligible site pursuant to s. Comm 47.02.
- b. There was a discharge from a petroleum product storage system of an eligible petroleum product at the site at which the remedial response action was taken.

3. A complete list of the specific costs which were denied by the department which the claimant has requested be the subject of the arbitration proceeding.

5. Any other statement or documentation that the claimant deems necessary to support its claim.

(c) If any issue concerning the adequacy of the claimant's remedial action has been submitted for resolution or may arise during the arbitrator's determination of the dollar amount of response costs recoverable by the claimant, the statement shall be accompanied with an index of any documents that formed the basis for the selection of the remedial action taken at the site, and a copy of all indexed documents.

(d) Within 14 days after receipt of the claimant's written statement, the department shall submit to the arbitrator 2 copies of an answer and shall serve a copy of the answer upon all other parties. The answer shall include all of the following:

1. A brief statement of the department's basis for denying the costs at issue that are the subject of the arbitration.

2. Any objections to the statement of facts in the claimant's written statement, and, if so, a counterstatement of facts.

3. A description of the evidence in support of the department's denial of the costs at issue and any supporting documentation thereof.

4. Any objections to the remedial action taken by the claimant at the site based upon any documents that formed the basis for the selection of the remedial action.

5. Any other documentation that the department deems relevant, including documentation that the department deems necessary to support its denial of costs submitted by the claimant for reimbursement.

(9) JURISDICTION OF ARBITRATOR. (a) In accordance with the procedures established by this section, the arbitrator is authorized to arbitrate one or more issues arising from the denial by the department of incurred costs in a claim for reimbursement.

(b) The arbitrator's authority is to render a decision regarding the denial of incurred costs claimed and is limited to only the issues submitted for resolution by the parties in the joint submittal for arbitration. Any issues arising from the denial of incurred costs claimed that are not submitted for resolution shall be deemed to be waived and shall not be raised in any action seeking enforcement of the decision for the purpose of overturning or otherwise challenging the final decision, except as provided in subs. (11) (b) and (c).

(c) If the issue of the dollar amount of incurred costs that were denied by the department has been submitted for resolution, the arbitrator shall determine, pursuant to par. (d), the dollar amount recoverable by the claimant and shall award the amount of such costs to the claimant.

(d) The arbitrator shall uphold the department's denial of costs in full or in part unless the claimant can establish that all or part of such costs were either of the following:

1. Eligible costs based upon the department's list of eligible costs in s. Comm 47.32, or the schedule of usual and customary costs established by the department under s. Comm 47.325

for the period in which the costs were incurred.

2. Clearly not excessive and clearly necessary, taking into account the circumstances of the remedial action and relative to the usual and customary cost schedule established by the department under s. Comm 47.325 for the time period in which the costs were actually incurred.

(e) If the arbitrator upholds the department's denial only in part, the arbitrator shall award to the claimant only those costs incurred in connection with the portions of the remedial action that were upheld along with any associated interest that was denied, less any remaining deductible and subject to occurrence maximums.

(f) The standard of review to be applied by the arbitrator to the department's reimbursement denial decision shall be whether the decision was arbitrary and capricious, or otherwise not in accordance with law.

(10) ARBITRATION DECISION. (a) Within 5 days after receipt of the statement and answer submitted under sub. (8), the arbitrator shall review the submittals and request any needed additional information from the claimant or the department.

(d) Within 10 days after receipt of the proposed decision, a party may submit additional information to the arbitrator, and if done, shall serve a copy of the additional information to all other parties.

(e) 1. Within 5 business days after receipt of any additional information submitted under par. (d), the arbitrator shall render a final decision.

2. The final decision shall be in writing and shall be signed by the arbitrator. It shall be limited in accordance with the arbitrator's jurisdiction as established in sub. (9), and shall, if such issues have been jointly submitted by the parties for resolution, contain the arbitrator's determination of the dollar amount of costs denied by the department, if any, to be awarded to the claimant.

(c) The parties shall accept as legal delivery of the final decision the placing in the United States mail of a true copy of the final decision, sent by certified mail, return receipt requested, addressed to each party's last known address or each party's attorney's last known address, or by personal service.

Comm 47.68, a claim for eligible costs incurred up to then shall be submitted to the department, no later than 120 days after the date of the department's notice.

(2) COMPLETION OF A SCOPE OF WORK. (a) Whenever a consulting firm completes a scope of work designated by the department, a claim for eligible costs incurred for that scope of work shall be submitted to the department, no later than 120 days after completing that work.

(b) The Department may waive the requirement in par. (a) for small scopes of work that do not include a change to a different consulting firm.

(3) INELIGIBLE INTEREST COSTS. (a) Failure to file a claim prior to the deadline prescribed in sub. (1) shall result in ineligibility of any interest expenses incurred between the date of the department's notice and the date a claim is filed.

(b) Failure to file a claim prior to the deadline prescribed in sub. (2) shall result in ineligibility of any interest expenses incurred between the date of the completion of the scope of work and the date a claim is filed.

Comm 47.63 Exemptions from competitive public bidding. (1) GENERAL. Pursuant to s. 101.143 (3) (cp), Stats., the following exemptions may apply to an occurrence:

(a) The department or the DNR may waive the competitive public bidding process in s. Comm 47.68 for the reasons set forth in s. 101.143 (3) (cp) 2., Stats.

Note: Section 101.143 (3) (cp) 2., Stats., provides that either the department or the DNR may waive the public bidding requirement "if an enforcement standard is exceeded in groundwater within 1,000 feet of a well operated by a public utility, as defined in s. 196.01 (5), or within 100 feet of any other well used to provide water for human consumption."

(b) An occurrence is exempt from the competitive public bidding process in s. Comm 47.68 where or while the circumstances in subs. (2) to (5) apply, or where the bidding process is otherwise waived by the department or the DNR.

(2) EMERGENCY ACTIONS. Work performed as part of an emergency action within the initial 72 hours after the onset of the need for the action, is not subject to the competitive public bidding process in s. Comm 47.68.

(3) BIDDING IS NOT COST EFFECTIVE. The department may waive the competitive public bidding process in s. Comm 47.68 after determining that either bidding would not be cost-effective, or the estimated cost to complete a scope of work is reasonable.

(4) ALTERNATIVE ACCEPTABLE BIDDING PROCESS. The department may waive the competitive public bidding process in s. Comm 47.68 after determining that a responsible party has used an acceptable alternative competitive bidding process to choose the consulting firm and establish an estimated cost to define a closure standard, target, or scope of work for the remediation.

(5) TEMPORARY DEFERRAL OF COMPETITIVE PUBLIC BIDDING. (a) The department may defer competitive bidding for an occurrence that is subject to the competitive public bidding process in s. Comm 47.68 after determining that additional investigation activities will produce specific data and information which will contribute to the bidding process in s. Comm 47.68 for that occurrence.

(b) The department shall provide a written notice to the responsible party and the consulting firm specifying the conditions to be met during the deferral period.

(c) The consulting firm shall cease work on the occurrence after the conditions that justified the deferral have been met, and shall submit a written notice thereof to the department within the 14 days following. Work may recommence only after authorization to proceed is received from the department.

Note: As established in s. Comm 47.30 (2) (j), the department will not reimburse costs for any work performed in violation of this paragraph.

Note: Under s. 101.143 (3) (cp) 5., Stats., the agency waiving competitive public bidding for an occurrence must provide notice to the other agency prior to issuing the waiver.

Note: Under s. 101.143 (4) (cm), Stats., the schedule of usual and customary costs referenced in s. Comm 47.325 must be used to determine the amount of eligible costs for an occurrence for which a competitive bidding process is not used, except in circumstances under which higher costs must be incurred to comply with s. 101.143 (3) (c) 3., Stats., and with enforcement standards.

Note: Section 101.143 (3) (c) 3., Stats., provides that the owner shall “conduct all remedial activities at the site of the discharge from the petroleum product storage system or home oil tank system necessary to restore the environment to the extent practicable and minimize the harmful effects from the discharge as required under s. 292.11.”

Comm 47.64 Bidding completion of an investigation. (1) INVESTIGATION ACTIVITIES MAY BE BID. If either the department or the DNR determines during a site investigation that an occurrence is subject to the competitive public bidding process in s. Comm 47.68, the department shall proceed under either of the following:

(a) For occurrences that are covered under s. 101.144 (2) (b), Stats., the department shall issue a written directive to the responsible party and the consulting firm to cease all work except as otherwise authorized by the department. The department shall then direct the occurrence through the competitive public bidding process in s. Comm 47.68.

Note: As established in s. Comm 47.30 (3) (b) 20., costs for any work performed in violation of this paragraph are considered grossly ineligible for reimbursement, and are subject to the corresponding penalties in s. Comm 47.30 (3) (a).

(b) For occurrences that are not covered under s. 101.144 (2) (b), Stats., the department shall notify the responsible party and the consulting firm that no further costs will be reimbursed except as established through the competitive public bidding process in s. Comm 47.68 or as otherwise authorized by the department.

Note: See the Notes under s. Comm 47.62 (1) (c) for a reprint of the relevant text in s. 101.144 (2) (b), Stats.

(2) SCOPE OF WORK FOR BIDDING AN INVESTIGATION. The department may bid a scope of work to include the remainder of an investigation, where the investigation has stopped under sub. (1).

Comm 47.65 Department to determine scope of work to be bid. Prior to bidding, the department shall determine whether the scope of work to be bid will be the work necessary to achieve closure, work to a defined remediation target, or completion of a defined set of activities.

Comm 47.66 Bidder qualifications. (1) GENERAL. Bids may be submitted only by representatives of consulting firms which are registered under ch. Comm 5 and which meet all eligibility requirements in this section and in the bid specifications.

Note: The consulting firm retained by the responsible party to carry out the investigation is eligible to bid remedial activities if the consulting firm meets all eligibility requirements in this section and in the bid specifications.

(2) PERFORMANCE ASSURANCE. Every bidding firm shall submit a certified commitment to complete the work described in the bid specifications and in the submitted bid, for the price proposed in the bid.

(3) DISQUALIFIED INDIVIDUALS OR FIRMS. No individual or firm that has been disqualified under s. Comm 47.67 may submit a bid until the period of disqualification has ended and all corrective actions required by the department to discharge the disqualification have been met.

Comm 47.67 Disqualification from bidding. (1) GROUNDS FOR DISQUALIFICATION. (a) The department may disqualify from bidding any individual or firm that has done any of the following:

1. Failed to complete the scope of work within the cost contained in a bid.
2. Failed to complete the scope of work in a bid in a timely manner.
3. Failed to meet requirements in DNR rules on a bid project.
4. Received one or more notices from the department under s. Comm 47.62 (2) that assess the financial management of an investigation as unacceptable.
5. Failed for any prior occurrence that has been publicly bid to do either of the following:
 - a. Pay subcontractors after receiving payment for them.
 - b. Obtain lien waivers on or before the date of the final payment by the responsible party or the PECFA program, from all subcontractors paid under subd. 5. a.
6. Failed to execute a contract with a responsible party as required in s. Comm 47.69 (1).
7. Failed to commence work within 45 days after executing a contract, as required in s. Comm 47.69 (3).

(b) In making disqualification decisions under this section, the Department shall excuse failures that are shown to be due to factors which are beyond the control of a bidding individual or firm, such as a responsible party's inability to obtain financing.

(2) PERIOD OF DISQUALIFICATION. The period of disqualification shall be 2 rounds of bidding for the first disqualification, 4 rounds for the second disqualification, and 6 rounds for any successive disqualification.

Note: The department may consider disqualification from bidding as a contributing factor when applying other disciplinary actions to any individual or firm.

(3) WRITTEN NOTICE OF DISQUALIFICATION. The department shall provide written notification to any individual or firm disqualified from submitting bids. The notification shall specify the reasons for the disqualification, the period of the disqualification, the consequence under s. Comm 47.69 that post-bidding contracts at other sites may not be executed, and the right to protest or appeal the department's decision.

(4) CORRECTIVE ACTION BY DISQUALIFIED INDIVIDUAL OR FIRM. The department may require an individual or firm that has previously been disqualified to post a fidelity, surety, or performance bond or to take other corrective action specified by the department, to protect owners or operators and the PECFA fund from failure to carry out the work specified in the bidding process in s. Comm 47.68.

(5) PROTESTS AND APPEALS BY DISQUALIFIED INDIVIDUALS OR FIRMS. An individual or firm that receives a notice of disqualification may protest the disqualification. The individual or firm shall file a written protest with the director of the bureau of PECFA no later than 5 business days after issuance of the notice in sub. (3). The filing shall include all of the reasons for the protest. Any reason not listed for the protest shall be deemed waived. The director or the director's designee may resolve the protest by either upholding the department's determination or by removing a disqualification, and shall issue a written decision no later than 5 business days after receiving the protest. A protestor may file a written appeal of the decision of the bureau director or designee, to the administrator of the environmental and regulatory services division, no later than 5 days after issuance of the decision, provided the protestor alleges a violation of s. 101.143, Stats., or of this chapter. The administrator or designee shall resolve the appeal without hearing and issue a written decision no later than 5 business days after receiving the appeal. The decision on the appeal shall be mailed or otherwise furnished to the protestor. In the event of the filing of a timely appeal under this subsection, the department may not proceed further with disqualifying an individual or firm from bidding until a decision is issued on the appeal.

Comm 47.68 Competitive public bidding process. (1) PUBLISHING THE REQUEST FOR BIDS. The department shall post a request for bids on the department's Internet Web site.

Note: Requests for bids are posted at the Department of Commerce Web site at www.commerce.wi.gov, under petroleum products and PECFA.

(2) SUBMITTING BIDS. Firms submitting public bids in response to the bid specifications shall comply with all of the following:

(a) Bidders shall submit bids in a format prescribed by the department.

(b) Bidders shall submit bids no later than the bid-closure date listed in the bid specifications.

(3) EVALUATING BIDS. (a) The department may not consider any late bids. The department shall rank all remaining bids solely on the basis of cost, in ascending order from the least costly to the most costly. The department shall then evaluate only the bid containing the least costly proposal, to determine if all requirements of the bid specifications will be met, if the remedial strategy is appropriate to the geologic setting, and if the bid is likely to establish an amount to sufficiently fund the activities and outcome measure contained in the bid specifications. The department shall continue the evaluation process until the least costly qualified bid is identified.

Note: As established in s. 101.143 (3) (cp) 1., Stats., the purpose of the least costly qualified bid is to assist the department, or the department and the DNR, in making a determination of the least costly method of remedial action. See sub. (7) for further information about that determination.

(b) The department shall reserve the right to reject any or all bids.

(4) NOTICE OF DISQUALIFIED BID. The department shall provide written notification to any individual or firm that submitted a disqualified bid. The notification shall specify the reasons for the disqualification, and the right to protest or appeal the department's decision.

(5) NOTICE OF INTENT. The department shall announce its intent to select the least costly qualified bid to assist in determining the least costly method of remedial action or a cap for a defined scope of work. The department shall send the announcement in writing to the responsible party and shall post the announcement on its Internet Web site. The announcement shall identify the bid the department has determined to be the least costly qualified bid. The announcement shall identify all low bids that have been disqualified. The announcement shall be provided at least 11 business days prior to the determination of the least costly method or the determination of a cap.

(6) PROTESTS AND APPEALS. A responsible party or a bidder may protest the department's selection and use of the least costly qualified bid to assist in making the determination in sub. (7). The protestor shall file a written protest with the director of the bureau of PECFA no later than 10 business days after issuance of the notice in sub. (4) or (5), whichever is later. The filing shall include all of the reasons for the protest. Any reason not listed for the protest shall be deemed waived. The director or the director's designee may resolve the protest by upholding the department's determination, by removing a disqualification, or by correcting an error in determining the cost contained in a bid, and shall issue a written decision no later than 5 business days after receiving the protest. A protestor may file a written appeal of the decision of the bureau director or designee, to the administrator of the environmental and regulatory services

division, no later than 5 days after issuance of the decision, provided the protestor alleges a violation of s. 101.143, Stats., or of this chapter. The administrator or designee shall resolve the appeal without hearing and issue a written decision no later than 5 business days after receiving the appeal. The decision on the appeal shall be mailed or otherwise furnished to the protestor. In the event of the filing of a timely protest or appeal, the department may not proceed further with making the determination in sub. (7) until a decision is issued on the protest or appeal.

(7) DETERMINING THE LEAST COSTLY METHOD OF REMEDIAL ACTION, OR THE CAP FOR A DEFINED SCOPE OF WORK. (a) The least costly method of remedial action or the cap for a defined scope of work shall be determined according to pars. (b) or (c).

(b) For occurrences under the direction of the department, the department shall consider the least costly qualified bid identified under sub. (3) in determining the least costly method of remedial action or the cap for a defined scope of work. No later than 10 business days after making its decision, the department shall notify the responsible party of what the department has determined to be the least costly method of remedial action or the cap for a defined scope of work, and shall specify the maximum amount that will be reimbursed.

Note: See the Note under s. Comm 47.62 (1) (c) for a reprint of the text in s. 101.144 (2) (b), Stats., that establishes which occurrences are under the direction of the department. All other occurrences are under the direction of the DNR.

(c) For occurrences under the direction of the DNR, the department and the DNR shall jointly consider the least costly qualified bid identified under sub. (3) in determining the least costly method of remedial action or the cap for a defined scope of work. No later than 10 business days after making the decision, the department shall notify the responsible party of what the departments have determined to be the least costly method of remedial action or the cap for a defined scope of work, and shall specify the maximum amount that will be reimbursed.

(d) 1. The determination of the least costly method of remediation or the determination of the cap for a defined scope of work shall establish the maximum costs eligible for reimbursement by the PECFA program, except where that maximum is increased under s. Comm 47.70 (3).

2. Any additional costs above the maximum established in subd. 1. or s. Comm 47.70 (3) shall be the responsibility of the responsible party.

Comm 47.69 Responsible party's contract with a bidder. (1) CONTRACT WITH REMEDIATION CONSULTING FIRM (a) Except as provided in par. (c), no later than 60 days after the department issues the notification under s. Comm 47.68 (7) (b) or (c), the responsible party shall execute a written contract with one of the firms that submitted a bid under s. Comm 47.68 (2), to perform the work identified in the notification.

Note: A model contract is available from the Environmental and Regulatory Services Division at P.O. Box 7838, Madison, WI 53707-7838, or at telephone 608/267-3753 and 608/264-8777 (TTY), or at the Department of Commerce Web site at www.commerce.wi.gov, under petroleum products and PECFA.

(b) Failure to execute the written contract as prescribed in par (a) shall result in ineligibility of any interest expenses incurred from the date of the notification under s. Comm 47.68 (7) (b) or (c), until the date a contract is executed and work commences on the occurrence.

(c) This subsection does not apply to a bidder who becomes disqualified under s. Comm 47.67, or where all subsequent work will not be submitted for reimbursement from the PECFA fund.

Note: As established in s. Comm 47.30 (2) (1), no reimbursement may be made for costs for unauthorized services that are performed by any party other than a firm which submitted a bid under s. Comm 47.68 (2) and which is contracted with under this section, if they are conducted after the qualified low bid is determined under s. Comm 47.68 (3).

Note: See sub. (4) for criteria that apply to an affected site after a bidder who submits the least costly qualified bid becomes disqualified, and no other bidder agrees to perform the work within the corresponding reimbursement cap.

(2) NOTIFICATION OF CONSULTING FIRM SELECTION. No later than 14 days after any contract for remediation is executed or terminated with the responsible party, the consulting firm shall submit to the department and the owner, a notification form prescribed by the department.

(3) COMMENCING WORK. The consulting firm that executes a contract under sub. (1) shall commence the work specified therein no later than 45 days after the contract is executed.

(4) REBIDDING OR SELECTION OF NEXT-LOWEST, QUALIFIED BID. Where a bidder who submitted the least costly qualified bid becomes disqualified under s. Comm 47.67, and no other bidder agrees to perform the work identified in the notification under s. Comm 47.68 (7) (b) or (c), within the reimbursement cap established under s. Comm 47.68 (7), the department may either redirect the scope of work through the entire bidding process in s. Comm 47.68, or reinstate that process at the bid evaluation stage in s. Comm 47.68 (3).

Comm 47.70 Monitoring the progress of the scope of work in the bid. (1) NOTIFICATION OF PROGRESS. (a) The consulting firm holding the contract with the responsible party shall report to the department the progress toward completing the scope of work defined in the bid specifications, in a format prescribed by the department, at each of the following points:

1. Three months after entering into the contract.
2. Twelve months after beginning the work in the successful bid, except as provided in subd. 6.
3. Twelve months after submitting the previous report required under this subsection, except as provided in subd. 6.

4. No later than 10 days after encountering a change in circumstances, as specified in sub. (3).

5. At any other frequency directed by the department.

6. No later than 30 days after completing the work.

(b) For occurrences that are not covered under s. 101.144 (2) (b), Stats., the department shall send the DNR a copy of the reports received under par. (a).

Note: See the Notes under s. Comm 47.62 (1) (c) for a reprint of the relevant text in s. 101.144 (2) (b), Stats.

(2) FAILURE TO MAKE PROGRESS. If the department determines that the consulting firm is failing to make adequate progress to complete the scope of work defined in the bid specifications for an amount not exceeding the reimbursement cap determined under s. Comm 47.68 (7), the department shall so notify the responsible party and may reduce the reimbursement to accurately reflect the work completed.

(3) CHANGE OF CIRCUMSTANCES. The department may review and modify the reimbursement cap, or reinitiate the bidding process in s. Comm 47.68, based on a change in circumstances, if any of the following have occurred:

(a) Substantial new contamination has been discovered on the site. Substantial contamination must increase remediation costs to either obtain closure or complete a defined scope of work. New contamination is contamination not previously identified, such as contamination in a broader area or deeper depth than previously identified.

(b) Abnormal weather, previously unknown geologic conditions, or previously unknown subsurface structures have been encountered that directly affect the activities described in the least costly qualified bid identified under s. Comm 47.68 (3).

(4) DISQUALIFICATION FROM FURTHER WORK ON A PROJECT. (a) *Grounds for disqualification.* The department may disqualify any individual or firm from performing further work on a project, if the individual or firm has done any of the following:

1. Failed to complete a substantive portion of the defined scope of work within the corresponding portion of the reimbursement cap.

2. Failed to complete the scope of work in a bid in a timely manner.

3. Failed to meet requirements in DNR rules on the project.

4. Failed to do either of the following:

a. Pay subcontractors within a contracted timeline, after receiving payment for them.

b. Obtain lien waivers on or before the date of the final payment by the responsible party or the PECFA program, from all subcontractors paid under subd. 4. a.

5. Failed to execute a contract with a responsible party as required in s. Comm 47.69 (1).

6. Failed to commence work within 45 days after executing a contract, as required in s. Comm 47.69 (3).

(c) *Period of disqualification.* The period of disqualification shall be 6 months for the first disqualification, 12 months for the second disqualification, and 24 months for any successive disqualification.

Note: The department may consider disqualification from further work as a contributing factor when applying other disciplinary actions to any individual or firm.

(d) *Written notice of disqualification.* The department shall provide written notification to any individual or firm disqualified from performing further work on a project. The notification shall specify the reasons for the disqualification, the period of the disqualification, and the right to appeal the department's decision. The notification shall inform the disqualified party that costs for any work on the occurrence during the disqualification, except as otherwise authorized by the department, will not be reimbursed.

(e) *Appeals by disqualified individuals or firms.* 1. An individual or firm that receives a notice of disqualification under this section may appeal as provided in s. Comm 47.53.

2. The department shall hold a hearing for an appeal filed under subd. 1. no later than 30 days after receipt of the appeal.

(f) *Rebidding or selection of next-lowest, qualified bid.* Where an individual or firm has been disqualified under this section, the department may either redirect the scope of work through the entire bidding process in s. Comm 47.68, or reinstate that process at the bid evaluation stage in s. Comm 47.68 (3).

(g) *Corrective action by disqualified individual or firm.* The department may require an individual or firm that has previously been disqualified to take corrective action specified by the department, to protect owners or operators and the PECFA fund from failure to carry out the work specified in the competitive public bidding process in s. Comm 47.68.
